Newsletter to All Active HKRA members

1. Please be informed that the undersigned has been appointed by the HKRA Council to takeover the duties of "Chairman of Shooting Committee" as from 15.4.2009.
2. A lot of troubled waters has flowed "Under the bridge" in the last 2½ years. Any reference to that period serves no useful purpose.
3. The best solution is to forget the past, unite and jointly look ahead and plan for a happy and productive future in our cherished target shooting sport.
4. For a starter, I will try to organize "Club" events that will be appealing to as many active members as possible. To circulate "Forms" to all members takes too much time and a heavy "Workload" on our staff.
5. My intention is to contact only the keen members (both ISSF and PPC shooters) to write to the Hon. Sec. their interested event or events if it is too troublesome, just drop a single line note into the "Suggestion Box" at the Range stating their choice event and Member Number in English, Chinese, Japanese, German or French will be acceptable. The bottom line is that "You must help me to help you" Please try to act before 30.5.09. So that we can start the "Ball Rolling".
6. My top priority is to prepare a HK team of as many HKRA members as possible to qualify for the "ASIAN GAMES" in 2010, to be held at Ghangzhou (China). From experience I have the confidence that some of our (HKRA) members have the skills to achieve this objective. Obviously it will need systematic training and support from our dedicated officials.
7. My next priority is for HKRA to return as a member of the HK Shooting Association. This responsibility is "On going" in the hands of our Capable Officials. Hopefully there will be some favorable news soon.
8. The events referred to foregoing Paras are related to ISSF events. However please be assured that the PPC interested members will be given equal support within the rules and regulations of their event. As the old saying goes "Give to God what belongs to God and give to Allah what belongs to Allah"
9. In conclusion please do not hesitate to contact the undersigned should you wish to make any proposals that will improve our "Target Shooting Sport" Just drop your proposal into the suggestion "Box" at the range or through Mr. Kwok our range manager.

Good shooting and enjoy your shooting sport.

Peter A. RULL
Chairman, Shooting Committee
HKRA
